## Good Crowd Hears Lecture.

The school house was crowded to capacity Monday night when Dr. W. C. Mimms, who is in charge of the hook worm campaign which is being conducted under the supervision of the State Board of Health, showed stereoptican views of the hook worm and other intestinal parasites, and delivered a lecture on the preservation of health and the prevention of tuberculosis, typhoid fever and other diseases.

Dr. Mimms, accompanied by his two assistants, Mrs. Johnson and Miss James, have just concluded a stay of five weeks in Estill, where over 2500 specimens were examined and over 1300 cases of hook worm found. Of all the specimens examined, about 90 per cent were found to be infected with either hook worm or some of the other intestinal parasites, and all were treated.

The dispensary was opened at the school here on Monday and about two hundred specimens were submitted during the two days. The complete report of these has not been made yet, but every one found affected will be treated absolutely free of charge. As all the mountain counties have been found to be affected it is only reasonable to suppose

that Powell is in a similar condition and everyone should take advantage of this opportunity and be examined for this parasite. It is very little trouble and the benefits to be derived are numerous.

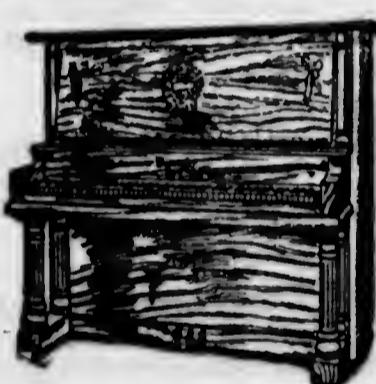

The work is being done by aid of the Rockefeller Institute, which has devoted several thousand dollars to the cause, and the experts employed in the examination and treatment, are under the supervision of the State Board of Health. No charge whatever is made for either examination or treatment. Another dispensary will be conducted here on August 2, 3, and 4, when all specimens submitted will be examined and treatment given. A second one will be held at Stanton July 29, 30 and 31.

## DENTIST HERE.

Dr. E. M. Norton, of Louisville, is at Conlee's Hotel, and is prepared to do dental work of all kinds. Dr. Norton will be here for some time, and those needing dental work would do well to see him.

Rev. Elbert Winkler, of Campbellsville, and Rev. D. H. Matherly are conducting a protracted meeting at Pharis Hill, Clark county.

Clark County Fair is on next week. Don't forget it.

## A Live Baby Given Away Free.

Saturday afternoon, Aug. 21st. We are firm believers in the theory of large families. To back this up we are going to give a live baby to some family in this community. In order not to be accused of partiality, this must be decided by ballot.

EACH BOOSTER COUPON counts for as many votes as the amount that appears on the face of the coupon.

WRITE THE NAME of the family to which you wish this baby to go on the back of the regular Booster Coupon. Write the name of your favorite Booster on the face of the coupon. The family which receives the largest number of votes will receive the BABY.

To each person over six years of age who comes to the store and registers during THE LIVE BABY CONTEST will be given 100 Free Booster Coupons, which may be voted on the LIVE BABY CONTEST and also for your favorite Booster on the grand prize.

Any person making a purchase of \$1.00 or more at the time of registering will be given 5.00 extra coupons besides those with the purchase.

The extra standing of the different families will be posted each Monday.

While this Baby is not an orphan, its parents are giving it up, and we have full permission to dispose of it in this way to any good family in our community.

THE BABY, IN CHARGE OF A NURSE, will be brought to our store SATURDAY AFTERNOON, Aug 7th. Come to the store and see it.

The ballot box will not be closed until two weeks later, SATURDAY NIGHT, Aug 21. The name of the winning family will be announced at the store the following MONDAY.

Our windows were trimmed by Ethelyn Hoskins.

Music next Saturday by Ethel Duncan.

## A. T. STEWART

Candidate For The Republican Nomination For Representative.

Furnace, Ky., July 19, 1915.

### To the Republican voters of Powell and Estill Counties:

After riding quite a distance and while my horse rests, I am writing to you. As I write my mind goes back to boyhood, and touching my past life I will say that it has always been my intention to climb a step higher. I was put out on my own resources at the age of sixteen years, with nothing but two hands with which to make a living, and, as we all know, the years of 1894-95 were years that were very trying on even older adventurers than myself. I remember the struggle for an education, working nights and mornings and Saturdays, and going in debt for board, that I might fit myself to teach school, and after I had reached that point I felt good as I had hopes that I could teach and get money that I could pay my way in school, as I felt that I must have more education. The people were good to help me to good schools and I succeeded to some extent, and I am very thankful to the people with whom I have come in contact. No man can advance on life's rugged road of himself. The way is too steep and the struggle too much for one to accomplish much by himself, but being aided by others, even the poorest boys may make useful men and sometimes reach high positions in this life, and those who have helped them on the way to success are made glad and feel that what they did was sown in good ground. My primary object in life has been to climb a step higher, however slow and faltering they have been, and at times slipping, I am still trying, and by your aid I hope at some good day to be of more benefit to myself and at the same time to be able to accomplish some good for the people in general. There is much to be accomplished by the General Assembly at this term and I promise if I am elected that the welfare of this district will have my studious and prayerful attention. As the laws of the Commonwealth are made and repealed by only a few while the others sit by and look on, if I am elected I hope to be able to take an active part in this very important duty. There is no office in the state that requires more intelligence or ability than the office of making the laws of a state or doing the duties of a Representative.

Republicans of the district, I am asking every one of you to help me win this race and take this "One Step Higher," and if I fail to make good I will never have the face to call upon you again. Two years ago I came out at the call of the party and made the race for County Attorney in this county in the face of a majority of from 100 to 125 Democratic, and against a man on the Democrat ticket who was well connected, and I, with my friends, reduced that majority to one vote. The election returns show that I was defeated by one vote, and I feel that if I am nominated I can carry the district by a large majority, and that I can be of some benefit to the rest of the ticket.

I am, Sincerely Yours,  
A. T. STEWART.

## Irvine Wins

The local ball team went to Clay City last Saturday and came out victors in two games played with a strong team made up of Clay City and Hardwick's creek players.

The score stood, first game 14 to 4; second game, 40 to 4.

A return game will be played in the near future.—Estill Tribune.

This account hardly does justice to our boys, as in the first game, which was played against the Hardwick's Creek team, the local boys had nothing to do. The second game was played against a scratch team, several of the members of the regular team being out of town, and others being unable to get away from work at the mill. Our boys knew nothing about the game being arranged until the team landed here, as the arrangements were made with the Hardwick's Creek boys. The local boys are confident that, with their regular lineup they can put the trimmings on Irvine, and they hope soon to have the opportunity of trying it.

These is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

## Glad She Took Friend's Advice

### Mrs. Catherine Meyer Finds Relief From Debility in Tanlac.

Louisville, Ky., July 21.—Many women suffer from sluggishness and depression without being able to find relief from a condition which they know to be unnatural. One of them who did find relief is Mrs. Catherine Meyer, of 1915 High street, this city. She said recently that she had recovered from a condition of nervous debility through the use of Tanlac, the peerless preparation...

"I was run-down and felt tired if I made the least exertion," she said. "I was melancholy and nervous. Any unusual noise startled me. My digestion was poor, and I couldn't sleep well.

"Finally I became interested in Tanlac and sent to the drug store for a bottle of it. As soon as I began taking it I got better. Now I sleep soundly, and have recovered from my nervousness and depression."

Mrs. Meyer's experience is not unusual. Women often suffer from a tired, sluggish feeling without knowing the why of it. They are often subject, too, to depression and melancholy. Where Mrs. Meyer found relief, others may. She is one of hundreds who have given voluntary testimony to the value of Tanlac.

Tanlac can now be had in Clay City at Eaton & McGuire's and in Stanton at Harwick & Co's

### Republican Politics.

Although The Times is a Democratic paper, we have about 400 subscribers who differ from us in politics, and a number of these have asked us at different times to give them a summary of Republican politics in our columns. Not being conversant with the matter itself, we asked one of our readers who is rather prominent in the party, and who travels over considerable of the state, to contribute such an article. As far as we know, this man is not particularly interested in any of the state races, and his statements may be accepted as impartial.

"Regarding the political situation as it concerns the make-up of the Republican state ticket, much interest is being manifested by the electors of the party as to who, of the many candidates, should be chosen in the August primary.

There are no slates for which any one candidate or political organization will stand sponsor, but it is visible and generally known that sentiment in the minds of the voters is fast crystallizing on a list which looks promising for success in August, even though no one in particular seems willing to stand responsible for the existence of what might be termed a "slate", when reduced to cold type. The writer is simply giving the dope as he sees it, and the names mentioned are those who appear to be favorites at present.

The Governor's race has settled itself by the process of elimination until there is no pronounced opposition to the candidacy of Edwin P. Morrow, the Somerset man. For Lieutenant Governor, no one in particular seems to be more prominently mentioned than the others, so it may be termed a "stand-off." For Auditor of Public Accounts, the name of J. M. Perkins of Frankfort, is most often mentioned, and he comes with the personal endorsement of Judge Ed. C. O'Rear, which adds weight to his candidacy. For State Treasurer we hear the name of Dr. Moore, of Crittenden, who seems to have Western Kentucky for him. For Secretary of State Judge Lewis of Letcher county, is thought to be the favorite, while for Attorney-General T. B. McGregor, of Marshall, seems to have the call. For Clerk of the Court

of Appeals, E. C. Huntsman, of Allen, is prominently mentioned, while W. C. Hanna, of Shelby county, who stepped out of the way of an Eleventh District man in 1911, seems certain of the nomination for Commissioner of Agriculture. For Superintendent of Public Instruction Prof. Green, of Warren, is frequently mentioned. For Railroad Commissioner in the second district there is Homer C. McLellan, a young attorney of Louisville, and in the third H. G. Garrett, of Clark, who is a candidate to succeed himself, seems to be the popular choice.

While this "dope" may not be absolutely correct the present indications are that these men will get the Republican nomination on August 7.

## To the Republican Voters of Powell and Estill Counties.

Your attention is invited to the following affidavit of Mr. I. S. Farmer, who is a member of Powell county's Republican Committee, and whom I have known for a number of years, and whose standing and reputation as an upright citizen I have never heard questioned.

STATE OF KENTUCKY } SCT  
COUNTY OF POWELL }

The affiant, I. S. Farmer, states that he has been informed that there is being circulated in this and Estill county an instrument of writing purporting to be an affidavit signed by this affiant and others and containing substantially the following:

"We, the undersigned, endorse Mr. Stewart for Representative, and do not and have never endorsed any other candidate."

The affiant further states that he has never knowingly signed such an affidavit, and that if such an affidavit exists it either a forgery so far as his name thereto is concerned, or else his signature was obtained through misrepresentation and fraud.

(Signed) I. S. FARMER.

I, G. S. Spurlock, Justice of the Peace of the 5th Magisterial District of Powell County, certify that the above affidavit has been read by me in full to I. S. Farmer, who has subscribed and sworn to the same before me this July 10th, 1915.

(Signed) G. S. Spurlock.  
Justice Peace Powell County, Ky.

This affidavit would indicate that what at first appeared to be, and really should be, a friendly and fair contest within the Republican party in this district for the nomination for Representative, has resolved itself into a campaign of misrepresentation and deception.

The apparent intent of the so-called affidavit endorsing the candidacy of Mr. Stewart, copies of which, I understand, have been mailed broadcast to the voters of Estill county, was to make it appear that certain letters from Mr. Farmer to a number of Estill county Republicans urging them to support me were not genuine. I believe that this affidavit will enable you to understand the character of the campaign that is being waged by one of the other candidates in this race.

Mr. Farmer happens to be one of my supporters in this contest, and I have not felt that it was necessary to put him or any of my other friends under oath as to their loyalty. I am perfectly willing to risk them. We intend to make an absolutely clean campaign ourselves and shall not, in any way misrepresent either of the other two gentlemen in this race, or attempt to deceive the voters in any way. We are old-fashioned enough to think that CLEAN politics is GOOD politics, and we do not believe that the Republicans of this district endorse or will stand for any other kind. If it is necessary in order to get this nomination for me to resort to a campaign of misrepresentation and political trickery, I do not want it. The price is too high. It is of more importance to me to maintain my reputation for truth, honor and square dealings than to win this nomination, and if it should become necessary to sacrifice one or the other it will certainly be the latter.

I have not made or attempted to make any deals or combinations with any candidate for any other office, but am submitting my claims upon any merit I may possess, for the consideration of an intelligent and thoughtful electorate.

Respectfully,

E. B. McGLONE.

## SADDLE HORSES AT THE BLUE GRASS FAIR, LEXINGTON, KY., AUG. 2-7

**S**ADDLE horses will be an important feature at Lexington this year. Outstanding in importance among the live stock features of the Blue Grass Fair will be the Kentucky stake, guaranteed \$500, to be divided into six moneys. This stake closed with forty-three entries, representing all of the best breeders in central Kentucky, and was inaugurated this year by the Fair Association and the stake guaranteed by the management. Additional stakes for yearlings, two-year-olds and aged classes should make this year's program the most attractive ever seen at a fair for saddle horses, as both three and five gaited classes are provided for.

## STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advice from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good.

I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Friday night Misses Josephine and Adeline Hazelrigg entertained a large crowd of the young folks at their camp on the Red River, and a very enjoyable time was spent by the guests with games, dancing and conversation. The camp is very complete and one could scarcely imagine that so many comforts could be had under canvas. Every convenience is provided and the campers can live at their ease and enjoy the cool breezes off the river and fish to their heart's content.

The guests left for home about 10:30, and all declared that the evening was one of the most pleasant they ever spent.

The Levee Base ball team came over Sunday, but owing to a misunderstanding, only one member of the Clay City team was in town, the others having all gone to Natural Bridge for the day. However, a scratch team was picked up, and at the end of nine innings the score stood 27 for Levee and 17 for Clay City. Some of the boys on the Clay City team had not handled a ball for years, and they are confident that with a little practice they could easily defeat the Montgomery boys.

## MCCHESNEY THE MAN FOR VICTORY IN NOVEMBER

Temperance Vote In Country Districts and Mountains Will More Than Make Up For Liquor Men Who May Bolt—Elections of Last Few Years Prove This

The liquor candidates and the liquor organs in their desperate efforts to stem the rapidly increasing strength of Mr. McChesney, and to prevent, if possible, what seems to be his probable nomination as the Democratic candidate for Governor in the August primary, have been industriously circulating the report that if he is nominated he can not be elected in November. They base this statement upon the idea that the whisky and beer Democrats would not vote for him, or for any other dry Democrat, if he is nominated. In other words, they admit that, although the liquor Democrats will take a very active part in the primary against McChesney, they will not hesitate, if he is nominated, to bolt his nomination and vote for the Republican ticket. There is some truth in that threat, for that is just what they have been doing for many years. Most of them do not seem to be bound, by any sense of honor or obligation, to support the nominee after they have taken part in the primary. Admitting to be true their purpose to bolt if Mr. McChesney is nominated, and that is what this talk amounts to when they say he could not be elected, let us see whether or not it is to be feared.

The people of Kentucky remember very well that in the Senatorial primary last year, the same kind of talk and threats were used against Governor Beckham. Mr. Stanley, the liquor candidate for the Senate then, as he is the liquor candidate for Governor now, used the same argument; so did the same liquor newspapers. What this argument amounted to in effect was that, if Beckham was nominated, the whisky and beer Democrats would bolt him, while if Stanley should be nominated he would get all of those votes and also the votes of the temperance Democrats, who would be too honorable and too good Democrats, to bolt the party nominee after they had taken part in the primary. The result of that primary should be fresh in the memory of Kentucky Democrats. With all the power and wealth of the distilleries, the breweries, and the saloons back of him, Stanley was defeated by a substantial majority. Beckham was nominated and a large majority of the liquor Democrats did bolt him in the November election. It is necessary only to look at the returns from that election to demonstrate it.

In all of the cities and liquor centers Beckham ran considerably behind the

rest of the Democratic ticket. Even in Louisville, which he carried by a large majority, he ran nearly 2,500 votes behind the majority of the Democratic nominee for Congress; in Kenton county (city of Covington) he received 1,889 votes less than the vote for the Democratic nominee for Congress; in Campbell county (city of Newport) he received 1,632 less; in Fayette county (city of Lexington) which he should have carried by 1,200, he carried by only 197; and so it was in every city where there was a liquor vote. Even in Henderson county, Mr. Stanley's home, Governor Beckham ran about 200 or 250 votes behind the ticket, even though Stanley made a speech there before the election, ostensibly for the ticket, but it happened that in the five or six places where he did speak in that campaign, Beckham, the nominee, lost votes, for Stanley's speeches were not intended to help him. Notwithstanding all of this defection and holding, Governor Beckham won over his Republican opponent, Governor Willson, by 32,000 majority, the largest majority given to any Democratic candidate in 25 or 30 years. So the threat of Mr. Stanley and his whisky and beer supporters proved to be futile and empty.

It is the same old trick they are trying to work again on the Democrats this year. But it will fool only the unthinking or the ignorant. Mr. McChesney is undoubtedly the strongest candidate the Democrats can nominate for Governor. He will be elected beyond doubt; he may lose many very wet Democrats in the liquor centers, just as Beckham did last year, but he will more than make it up in the country districts and in the mountains. He is receiving the assurances of thousands of temperance Republicans and Independents that they will support him, if he is nominated over Mr. Morrow, who is well known as a wet man. It is no use for Mr. Stanley to argue that, because the Republicans will nominate a wet candidate for Governor on a wet platform, the Democrats should do the same thing, and get into a race with the Republican ticket to see which can bid the highest for the whisky and beer votes of the state. The people of Kentucky are not going to elect as Governor of the state a liquor trust man, and Mr. Stanley might as well stand aside. The people know that their chance to beat the wet Republican candidate is with Mr. McChesney as the Democratic candidate. He will be nominated and elected.
